15 June 2022

Dear Parent/Carer

### **Expedition to The Gambia, Friday 20 October – Friday 27 October 2023**

I am delighted to be able to offer your child an exciting opportunity to visit The Gambia in October half-term 2023.

The Gambia is the smallest country on mainland Africa and has an estimated population of 1.7 million people. The Gambia's official language is English and it lies in the same time zone as the UK. The Gambia experiences a warm climate which hosts a wide range of biodiversity making it the perfect location to see a variety of wildlife such as crocodiles, monkeys, chameleons, geckos, snakes and much more. The Gambia also boasts magnificent golden beaches backed by swaying palms; you do not have look far to see why The Gambia is known as "The Smiling Coast" as the locals are known to be among the friendliest people you will ever meet!

The expedition may be a 'once in a lifetime' experience for your child, providing an insight into a completely different and fascinating culture within a developing country. The students will uncover the Gambian village way of life by having the opportunity to work closely with our partner school, Mansa-Colley Bojang School, and by a varied programme of cultural experiences which will offer your child a memorable and rewarding expedition. In the run-up to the expedition, our students attending will be required to participate in fundraising activities to sponsor young girls to go attend our partnership school for the year, therefore enhancing the volunteering aspect of the whole experience.

The provisional itinerary is:

| Monday 23   | <b>Visit partner school</b> and pay a courtesy call on the village Chief: learn about the hierarchy and different roles in the village; take part in classes.  |
| Tuesday 24  | <b>Volunteering at Galloya village.</b> After a warm welcome from the residents and a chance to see village life at first hand, students join renowned Gambian artist, Njogu Touray, to paint a meaningful mural on one of the village compound walls with help of the Gambian villages. |
