

CAREERS

STUDENTS CAREERS EDUCATION INFORMATION

Whenever you see the Careers logo you know that the lesson or activity is about preparing you for the world of work, giving you valuable information on careers, qualifications, different pathways and much more.

Careers education at The Mountbatten School starts in Year 7 and goes all the way through Year 11. Careers education comes in many forms and shapes and includes weekly lessons, visits to workplaces, assemblies with employers and colleges, talks and workshops, work experience, careers interviews and Work Enrichment Days.

If you would like to have a closer look of what is coming up this year, have a look at the main landing page of the careers site, in the document titled 'careers programme'.

Careers interviews

All students are entitled to a careers 'interview' with one of our Careers Advisers (Jane Belbin and Anna-Marie Florres). Whilst we typically offer these to Year 9 students and upwards, if you would like to have a chat about your future options, regardless of your age, please let your tutor know or contact the school's Careers Leader Mrs Shakya (Maths block in room B9a).

Once you had your talk with the Careers Adviser you will receive a copy of the action plan and a copy will be emailed home.

Useful resources

Subscribe to the Careers Instagram page ([careers_mountbatten](#)) and check out the Careers Google classroom for the latest events and opportunities. You may also find the websites below useful for researching your future options:

nationalcareers.service.gov.uk (careers information, advice and guidance)

eclips-online.co.uk (job and live labour market information)

prospects.ac.uk (for course, career and graduate jobs advice)

how2become.com (careers & educational information and development website)

amazonapprenticeships.com (expert advice on all things apprenticeships)

gov.uk/apply-apprenticeship (finding apprenticeships)
